New procurement guide helps public authorities unlock the benefits of innovation

23 June 2014

To reduce the existing knowledge gap on public procurement of innovation (PPI), the EU-funded Public Procurement of Innovation Platform project has launched a comprehensive guide. The guide, which is available online and in print, offer ...

Sanitary, green construction materials see Swedish hospital triumph at innovation awards

20 June 2014

A hospital project in Värmland (Sweden) that saw environmentally friendly and sterile materials used in the construction of a new department for premature babies has won the 2014 Regional Innovation Award. The materials employed elimin ...

European Directive introduces uniform electronic invoicing in public

Public space

It is our pleasure to invite you to express your interest in attending the "Innovation in Construction" conference on 21 October 2013 in Brussels, as per the documents enclosed.

This Conference is part of the Action Plan for the "Strategy for the sustainable competitiveness of the construction sector and its enterprises" COM(2012)433 ([English version](#)). The spring meetings of the High Level Strategic Forum and the Thematic Groups made it clear to all that the problems faced are...
